11 13 determines that the unadjusted area education agency
11 14 professional development supplement district cost of an area
11 15 education agency for a budget year is less than one hundred
11 16 one percent of the unadjusted area education agency
11 17 professional development supplement district cost for the base
11 18 year for the area education agency, the area education agency

12 34 however, the bill may include state percents of growth for the
12 35 teacher salary supplement, the professional development

13 1 supplement, and the early intervention supplement.
13 2 Code section 257.9 is amended to add five new subsections.
13 3 Each subsection establishes a state cost per pupil beginning
13 4 with the school budget year beginning July 1, 2009, for the
13 5 following: the teacher salary supplement, the professional
13 6 development supplement, the early intervention supplement, the
13 7 AEA teacher salary supplement, and the AEA professional
13 8 development supplement.

13 11 professional development supplement, the early intervention
13 12 supplement, the AEA total teacher salary supplement, and the
13 13 AEA total professional development supplement shall each be
13 14 added to a school district's combined district cost.

13 15 The bill adds three new subsections to Code section 257.10.
13 16 New subsection 9 establishes the teacher salary supplement
13 17 cost per pupil and district cost beginning with the school
13 18 budget year beginning July 1, 2009, and is based on
13 19 allocations made to school districts for the school budget
13 20 year beginning July 1, 2008, for student achievement and
13 21 teacher quality teacher compensation and educational
13 22 excellence phase II. The subsection also provides that,
13 23 beginning with the school budget year beginning July 1, 2010,
13 24 the per pupil cost will increase by the statewide allowable
13 25 growth amount enacted for each budget year. The subsection
13 26 provides for a budget adjustment that would guarantee each
13 27 district 101 percent of the previous year's teacher salary
13 28 supplement district cost, not including the previous year's
13 29 budget adjustment. The bill requires that funds received from
13 30 the teacher salary supplement be used in compliance with
13 31 requirements specified in Code chapter 284, relating to
13 32 teacher performance, compensation, and career development, and
13 33 Code chapter 294A, relating to the education excellence
13 34 program.

13 35 New subsection 10 establishes the professional development
14 1 supplement cost per pupil and district cost beginning with the

14 2 school budget year beginning July 1, 2009, and is based on
14 3 allocations made to school districts for the school budget
14 4 year beginning July 1, 2008, for student achievement and
14 5 teacher quality professional development. The subsection also
14 6 provides that, beginning with the school budget year beginning
14 7 July 1, 2010, the per pupil cost will increase by the
14 8 statewide allowable growth amount enacted for that budget
14 9 year. The subsection provides for a budget adjustment that
14 10 would guarantee each district 101 percent of the previous
14 11 year's professional development supplement district cost, not
14 12 including the previous year's budget adjustment. The bill
14 13 requires that the funds received from the professional
14 14 development supplement be used in compliance with the
14 15 requirements specified in Code chapter 284.

14 16 New subsection 11 establishes the early intervention
14 17 supplement cost per pupil and district cost beginning with the
14 18 school budget year beginning July 1, 2009, and is based on
14 19 allocations made to school districts for the school budget
14 20 year beginning July 1, 2008, for early intervention and class
14 21 size reduction. The subsection also provides that, beginning
14 22 with the school budget year beginning July 1, 2010, the per
14 23 pupil cost will increase by the statewide allowable growth
14 24 amount enacted for that budget year. The subsection provides
14 25 for a budget adjustment that would guarantee each district 101
14 26 percent of the previous year's early intervention supplement
14 27 district cost, not including the previous year's budget
14 28 adjustment. The bill requires that the funds received from
14 29 the early intervention supplement be used in compliance with
14 30 the requirements specified in Code chapter 256D, relating to
14 31 the Iowa early intervention block grant program.

14 32 Code section 257.35 is amended to provide that funding for
14 33 the AEA teacher salary supplement and the AEA professional
14 34 development supplement flow through the school districts to
14 35 the appropriate AEA.

15 1 The bill creates new Code section 257.37A in order to
15 2 establish the AEA funding for teacher salary supplement and
15 3 professional development supplement for cost per pupil and
15 4 district cost.

15 5 New Code section 257.37A provides that the AEA teacher
15 6 salary supplement cost per pupil and district cost is
15 7 established beginning with the school budget year beginning
15 8 July 1, 2009, and is based on allocations made to AEAs for the
15 9 school budget year beginning July 1, 2008, for student
15 10 achievement and teacher quality teacher compensation. The
15 11 Code section also provides that, beginning with the school
15 12 budget year beginning July 1, 2010, the per pupil cost will
15 13 increase by the statewide allowable growth amount enacted for
15 14 that budget year. The Code section provides for a budget
15 15 adjustment that would guarantee each AEA 101 percent of the
15 16 previous year's teacher salary supplement district cost, not
15 17 including the previous year's budget adjustment. The bill
15 18 requires that the funds received from the teacher salary
15 19 supplement be used in compliance with the requirements
15 20 specified in Code chapter 284.

15 21 New Code section 257.37A also establishes AEA professional
15 22 development supplement cost per pupil and district cost
15 23 beginning with the school budget year beginning July 1, 2009,
15 24 and is based on allocations made to AEAs for the school budget
15 25 year beginning July 1, 2008, for student achievement and
15 26 teacher quality professional development. The Code section
15 27 also provides that, beginning with the school budget year
15 28 beginning July 1, 2010, the per pupil cost will increase by
15 29 the statewide allowable growth amount enacted for that budget
15 30 year. The Code section provides for a budget adjustment that
15 31 would guarantee each district 101 percent of the previous
15 32 year's professional development supplement district cost, not
15 33 including the previous year's budget adjustment. The bill
15 34 requires that the funds received from the professional
15 35 development supplement be used in compliance with the
16 1 requirements specified in Code chapter 284.

16 2 The bill creates new Code section 257.51, which requires
16 3 that, beginning with the school budget year beginning July 1,
16 4 2009, any state appropriations made to school districts or
16 5 AEAs for teacher salaries through the student achievement and
16 6 teacher quality program, the educational excellence phase II
16 7 program, the professional development through the student
16 8 achievement and teacher quality program, or the early
16 9 intervention and class size reduction program will be added on
16 10 a per pupil basis through the school aid formula.
